## REMARKS.

Those banks marked with an asterisk (\*) are new banks, and had made no dividends on the first Saturday of October. The following banks, whose capitals have been increased, declared their last dividend on the amount of their former capitals, viz: Andover, Merchants' in Newburyport, and Marine in New Bedford. The Hancock Bank in Boston has gone into operation since the first Saturday of October; and the Atlas and Winnisimmet banks in Boston, chartered since the return of August, 1832, have not gone into operation. The City and Globe banks returned, in addition to their regular capital, the amount borrowed by them from the State, viz: the City Bank \$100,000, and the Globe Bank \$54,000. This addition is not included in the abstract. The Eagle Bank has embraced, in the amount deposited bearing interest, the sum of \$60,000 borrowed of the State. Wrentham Bank divided 3 per cent. "for the time instalments were paid in." The Old Colony Bank's dividend was for nine months and nine days. The Duxbury Bank had been in operation but two days at the date of its return,

*From the following Banks no reports have been received. The list has been made out from the February No. of "Bicknell's Counterfeit Detector and Bank Note List," published at Philadelphia, and from information derived from members of Congress from that State. The amount of capital assigned them, as well as their condition, is the result of estimate alone, and does not pretend to accuracy.*

THE SECRETARY OF THE TREASURY  
WASHINGTON, D. C.

THE SECRETARY OF THE TREASURY

Washington, D. C., January 1, 1900.

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 29th inst. in relation to the proposed amendment to the National Currency Act, and to inform you that the same has been forwarded to the proper authorities for their consideration. I am, however, unable to give you any definite answer at this time, as the matter is still under consideration. I am, nevertheless, sure that your views will be given due weight in the final decision.

Very respectfully,  
J. M. Smith  
Secretary of the Treasury

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and development. It begins with the first settlers who came to the shores of North America in search of a new life. These pioneers faced many hardships and challenges, but they persevered and built a new nation. The story continues through the years of exploration, settlement, and the struggle for independence. It is a story of the triumph of the human spirit over adversity.

The story of the United States is a story of progress and achievement. It is a story of the people who have shaped the nation and the values that have guided them. From the early days of settlement to the present, the United States has grown from a small colony to a great nation. It has made many contributions to the world and has inspired people everywhere. The story of the United States is a story of hope and possibility.
